PROFILE

I am an approachable person and have a positive personality who enjoys being collaborative. I have excellent communication skills which have proven very valuable during my past work placements and school projects. My employment with Burlington Hydro enhanced my interpersonal skills and ability to solve problems. Through design classes and employment with Burlington Electricity Services I have built strong technical skills on programs such as AUTOCAD, SOLIDWORKS, R-coding and Excel. Swimming at a national level, from 2010 to 2019, required time management and a hard work ethic that I have applied to my engineering studies at the University of Guelph. I take pride in my academic success and the respect I have earned from employers, teachers and peers.

EMPLOYMENT

Engineering Associate, Burlington Electricity Services May 2021- September 2021, January 2022-present

Organised and hosted Electrical Safety Authority Audit and Suite Metering Lunch and Learns

Utilized engineering software to perform EV Charging and Pole Analysis

Developed technical skills by mapping existing property on AUTOCAD and drafted designing plans for budgetary pricing

Implemented understanding of electrical devices and marketing by drafting and designing website information and graphics

Engineering Assistant, Burlington Hydro, May 2020 – August 2020

Developed an understanding of the engineering process by providing support to professional engineers

Worked with communications department to market electricity services

Utilized interpersonal skills by contacting property managers to sell charging stations and suite metering

Instructor Guard, City of Burlington Aquatics, September 2017 – July 2019

Assessed risks and responded appropriately under high pressure to maintain patron safety

Taught new swimmers' skills and provided feedback on their technique

EDUCATION

Bachelor of Engineering 2019-present

*Biological Engineering, University of Guelph
Deans honour list*

Notre Dame Catholic Secondary School

Honour Roll

QUALIFICATIONS

LSS Airway Management, February 2019

LSS Standard First Aid with CPR C, recertified July 2018

Level 1 Swim Official (Timer), January 2018

VOLUNTEERING

Engineering Orientation Big Buddy – 2020, 2021

Selected as a leader to empower and encourage incoming first years through conversation and activities

He for She Conference Attendee – 2020
